FEBRUARY 2023

R2,000
Per person per day sharing

Includes:
Luxury accommodation
& 3 gourmet meals per day.

breakfast | garden walk or drive | lunch | drive or walk | sundowners | owl viewing | dinner

Enjoy a weekend dedicated to identifying the multitude of birds found in our area. We spotted over 143 birds in December 2022 including the African Black Swift, Little Swift, Rock Martin, Familiar Chat and Long-billed and Striped Pitpits.

We look forward to spotting the European Roller, Spotted Fly Catcher, European Bee Eater, Red backed shrike, Steppe Buzzard, Wahlberg Eagle, Lesser Spotted Eagle, Long-crested Eagle, Brown Snake Eagle, Yellow Billed Kite, Common Buzzard, Jackal Buzzard and many more during your weekend with us in February.

Chamu will lead the birding. He has extensive knowledge of the birds at Pakamisa and has been with us for a long time.

Christian Sperka is a well-known wildlife photographer and will teach you how to manage your camera and smartphone.

Lizelle's knowledge of the bush is incredible and inspiring. Your weekend away in our pristine bush will be filled with new and exciting experiences.
